Thanks, Cynthia.

I just drafted an email. Can I send it to you for a final look?

Rebecca

Rebecca,

Lindsey's out today. I assumed that either of you would respond since you received the email. Do you mind responding and cc'ing me and others? If not, I can do it.

Thanks,

Cynthia Doucure

Hi everyone,

I wanted to check in to see if anyone on the team followed up on this yesterday. Please reply all. A response/reply should be submitted today, I think.

Rebecca

**Subject:** RE: Aldicarb Press inquiry requesting images

I agree with the approach (that the response should be to Carissa and that we suggest directing the questions to RD).

**Cc:** Doucure, Cynthia <Doucure.Cynthia@epa.gov>

**Subject:** RE: Aldicarb Press inquiry requesting images

Maybe also suggest that they direct questions to RD and mention that we don't have pictures of aldicarb applications to crops.

**Subject:** RE: Aldicarb Press inquiry requesting images

Is this request even anything we could or would help with? My first thought is that it's been quite misdirected to have ended up here. Pictures of the label would likely be in RD if anywhere, or more likely with the registrant. It's already been forwarded to Debra.

The questions I have are probably along the lines of

- 1) Do you want pictures of the label/packaging?
- 2) Do you want pictures of application of TEMIK to crops?
- 3) Do you want pictures of aldicarb's chemical structure?

I don't think that we could necessarily provide any of those but they would help with redirecting the question to the right place (which is probably the registrant).

Thanks everyone.

Lindsey and Jeana, do you want to work on drafting questions and responses off this email thread and then rejoin the group to ask Cynthia how our questions look? We can set up a 15 minute meeting to discuss, if that is easier.

Rebecca

**Subject:** RE: Aldicarb Press inquiry requesting images

A few thoughts:

1. I agree with Hope, the question is vague. Ask for clarification.
2. Redirect to RD if they are interested in label images or registrant websites/info (which is probably not what they want, but that is unclear)
3. Include Cynthia in any communication – including drafting questions

**Subject:** RE: Aldicarb Press inquiry requesting images

I have never heard of a request for images before from EPA. Of pesticide use? Of the product itself? I would think the Registrant would be a better contact for something like this.

I am unsure if BEAD holds anything like this, and “official” for use in a publication, but I’m new. Monisha?

Hope

Hey Hope and Monisha, the Communications team just reached out to Rebecca and I (and RD) looking for images of TEMICK and/or aldicarb to provide to a reporter. Any idea how to respond to this? If we don’t have photos, would the labs?

**Subject:** Aldicarb Press inquiry requesting images

Good morning,

I hope you all are doing well and staying healthy. We received a request for images of TEMICK and/or aldicarb. I spoke with PRD (Sue) and she wasn't able to track down any images. Sue passed along your names to see if RD or BEAD has any images.

Do have any images I can share with the reporter?

Thank you,

Carissa

**Subject:** Press inquiry/Images

Hello,

I'm searching for images of the pesticide TEMICK/Aldicarb in use for project with Algonquin Books for Young Readers.

Thank you.
